LED Recessed Type P

LRTP LED Recessed Type P

Commercial-grade, recessed, lay-in T-Bar troffer featuring a wide curved lens for even light distribution. This fixture offers a modern architectural styling with a high visual comfort and comes complete with a pressure-fitted lens for a clean appearance. This IC-rated luminaire's low-profile design is ideal for shallow or obstructed plenum applications.

Highlights

- 1x4, 2x2 and 2x4 configurations
- 2700 – 6100 lumen output
- Standard Low Voltage Dimming (0-10v)
- Configurations up to 127lm/W

APPLICATIONS

Office areas, retail stores, classrooms, corridors, hospitals, nursing homes, and more.
