

KIT00326

SURFACE MOUNT KIT FOR LED TROFFERS

1x4

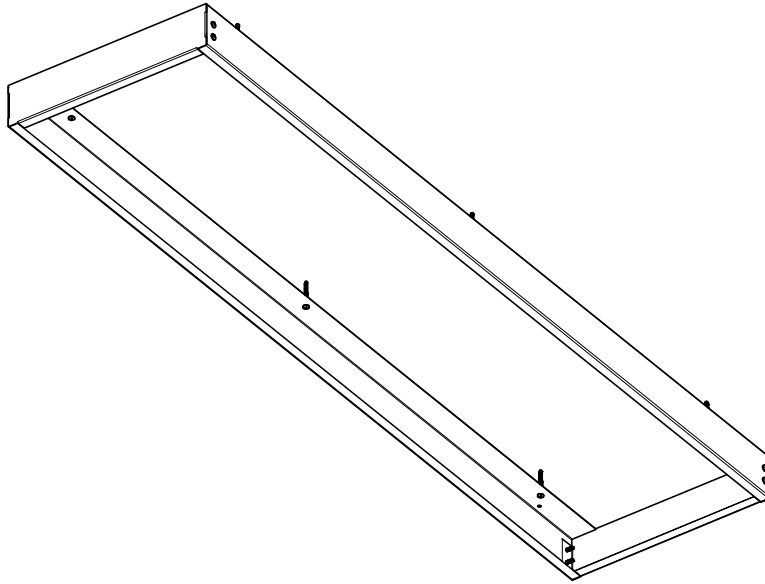

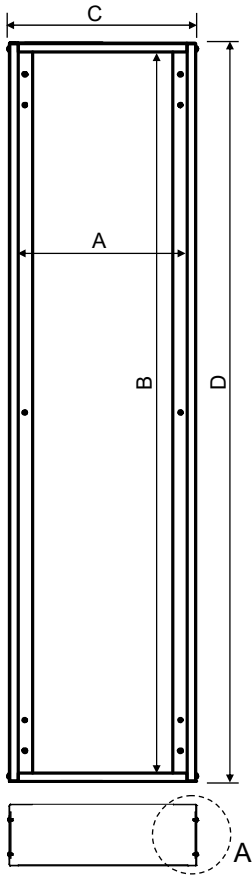

Title:

KIT00326

ERP# IIS00376

Rev Date: 09-26-2023—2.0

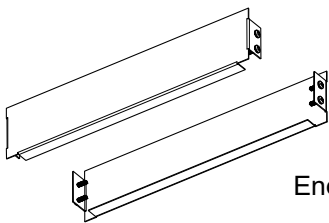

Dimensions

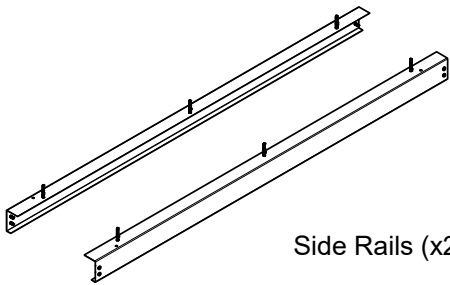

UNIT	A	B	C	D	E
SMK1x4	11.00"	46.92"	12.13"	48.04"	4.00"

Tools Required:

Medium Phillips Screwdriver

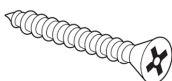

End Plates (x2)

Side Rails (x2)

8 x 1/4" Length
Screw (x8)

10 x 1 1/4" Length
Screw (x6)

WARNINGS

Electric shock:

- Disconnect or turn off power before installing or servicing luminaire.
- All electrical wiring to be completed by a qualified licensed electrician in accordance with local and National/ Canadian Electrical Code.
- Ensure supply voltage corresponds with the correct ballast/driver voltage.
- Avoid exposing wiring to metal edges and sharp objects.
- Ensure that the luminaire is properly grounded to prevent electric hazards.

Fire:

- Keep flammable and combustible materials away from the light source and/or lens.
- Use correctly rated supply conductors as indicated by product labeling.

Burn:

- Allow luminaire to cool before handling luminaire.

Personal Injury:

- Wear safety glasses and gloves when handling the luminaire to avoid physical injury.
- Avoid direct eye contact with light source.
- Always support the weight of the luminaire.

See over for mounting instructions.

NOTES

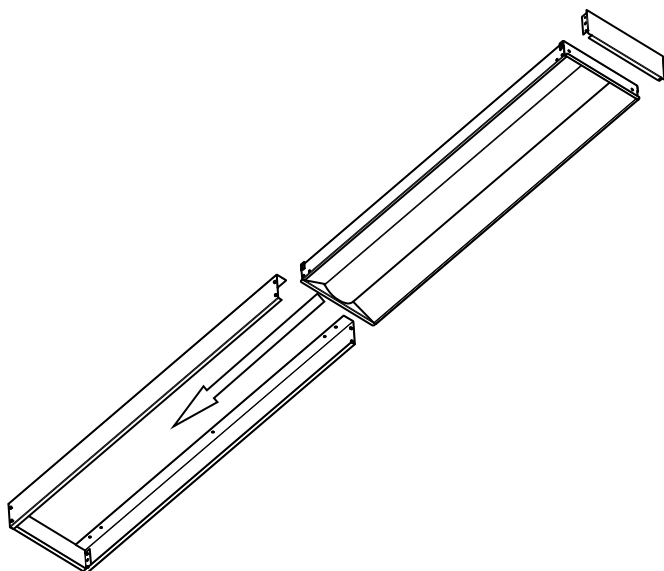

- Installation should be completed by an individual familiar with the construction and operation of the luminaire.
- Installation of luminaire must be in accordance with nation and local building and electrical codes.
- Carefully read and follow all warnings and instructions before installing or servicing the luminaire.
- Instructions do not cover all details and all possible product configurations
- Do not restrict luminaire ventilation.
- Ensure LED luminaire is not covered with material that will prevent convection or conduction cooling.
- Do not exceed luminaire's maximum ambient temperature.
- Ensure LED luminaire has the correct polarity before installation.
- These products have maximum rated output voltage that exceeds the voltage limits that cannot be accessible based on voltage restrictions for Class 2 circuits in Canadian Electrical Code. This output complies with the definition of Class 2 per Canadian Electrical Code. This product complies with this requirement since the installation instruction requires installation in restricted access area.
- Do not mount the luminaire to ceiling if convenience outlet option is provided.
- Do not use the luminaire housing as junction box cover unless the housing width is wider than the junction box.

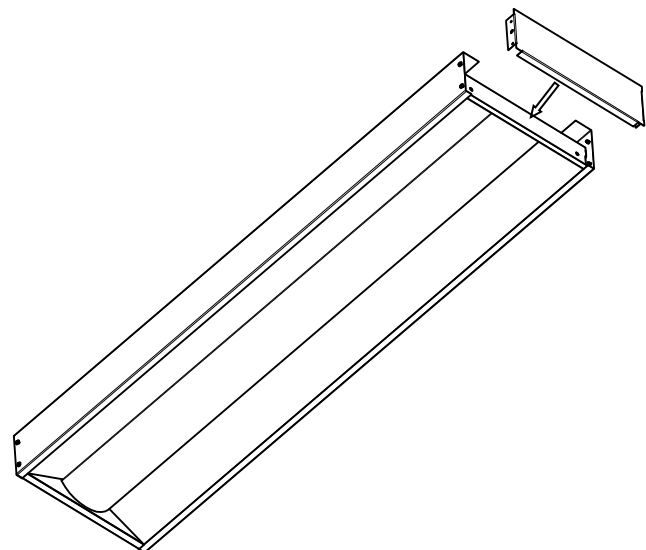

Step 1. Install the end plates to the side rails together and fasten with screws provided.

Step 2. Install the four-sided frame to ceiling with screws provided.

Step 3. Dismantle one end plate and slide in the LED troffer Luminaire into position. Connect electrical supply wires and ground as required by your local electrical code.

Step 4. Screw in attach the fourth side of the end plate to fully enclose the luminaire and installation is complete.
