

Non Standard Luminaire Sizes

Viscor offers specialized solutions for non-standard ceiling grids. We can accommodate any size luminaire opening and air handling boot. We have the capability to convert all of our standard troffers into an appropriate solution. Non-standard sizes are offered in two formats; with filler plates and full illumination.

- 1** Filler plates are used on either end of the luminaire to complete the full length required for the ceiling grid. It resembles a traditional fluorescent fixture.
- 2** Luminaire is designed to seamlessly fit in opening with a full length illuminated lens.
