

Quadra Drop Lens

Designed for Commercial & Architectural Applications

Visioneering's Quadra Architectural Drop Lens luminaire is fabricated with an opal white acrylic lens designed for even illumination across the entire surface. The Quadra is available in flush mount, 1", 2", 3" or 4" drop lens options. It's ideal for office lounge areas, hotels, hallways, lobbies, and retail applications. Our Quadra luminaire features clean and crisp corners with no visible hardware which enhances the architectural appeal of any modern space.

The Quadra is specifically designed for recessed applications and rated to deliver L80 performance, over 50,000 hours.
