

Selest Flat

Flat, Fully Luminous Design for Modern Interiors

Visioneering's Selest Flat is a specification grade 2x2 suspended LED luminaire with a flat, frameless profile and fully luminous aperture. Ideal for commercial, hospitality, and educational environments, it creates a sleek, contemporary aesthetic with uniform light distribution. This fixture integrates seamlessly with other Selest luminaires for continuous row mounting, maintaining a harmonious architectural layout. With L80 > 60,000 hours, optional tunable white (2700K–6500K), and a frameless aperture, Selest Flat combines design impact with reliable performance.

Applications:

Commercial, Retail, Architectural, Hospitality, Educational, and Healthcare

Features:

- Flat, frameless 2x2 luminous aperture
- Continuous row mounting with the Selest family
- Even, high efficiency illumination with L80 > 60,000 hours
