

SĚLĚST

Sculpt Your Spaces with Seamless Curves of Illumination!

Introducing Visioneering's Selest, a specification-grade suspended LED 2x2 luminaire that redefines indoor lighting with its striking concave and convex profiles and fully luminous aperture. Perfect for creating dynamic and visually engaging environments, the Selest seamlessly integrates into any modern space. It can be effortlessly continuous row-mounted with both profiles maintaining a complementary radius for a harmonious wave-like aesthetic or as a stand alone option for a unified look.

The Selest not only enhances ambiance but also delivers exceptional energy efficiency and long-lasting performance, making it the ideal choice for modern, sustainable lighting solutions.

Features

- Concave and Convex profiles to choose from
- 2x2 configurations
- Fully luminous aperture, edge-to-edge illumination
- Tunable white (2700 - 6500K)
- Continuous row-mounting
- Adjustable aircraft cables for installation flexibility
- Standard low voltage dimming (0-10v, 1%)

Mounting and Configurations

Enhance your lighting design with our staggered 2x3-row wave configuration. The Selest provides flexible and unique configurations, making it the perfect choice for distinctive lighting projects. Make waves in the world of lighting design!

Lighting Your Vision
