LED - Patient Room Dished Circular Recessed Ambient Luminaire

Project:	Catalogue #:	Туре:
Notes:		

Product Description

The MD1-DCR is a single function patient room fixture with an evenly illuminated concave diffuse dome lens that provides comfortable ambient illumination. The one-piece smooth lens is sealed and easily wiped. An optional low voltage controller is available with dimming or non-dimming functions. Also available with a separate Chart/Night observation light option. See MD2-DCR for added functions.

Feature Options

- Fully Diffuse Lens
- Easy to clean surfaces
- Illumination Creates Visual Depth
- Concave Lens

Housing

Die-formed, cold rolled heavy-gauge steel housing assembly. Designed for 9/16" and 15/16" Grid Ceilings. Integral Earthquake clips. Wiring access cover plate and knockouts are provided on back of housing. Polyester powder coated after fabrication.

Lens & Lens Retention

 $Standard \ lens; Opal, concave formed \ acrylic. Smooth external surface for easy cleaning. Retained \ and \ supported \ by \ hidden \ torsion \ springs \ secured \ to \ trim \ frame.$

Gasket Systems

Pressure sensitive acrylic gasket seals trim to lens and to ceiling.

LED

LED board modules are high efficiency and closely regulated to maintain CRI, color consistency, lumen performance, and efficacy. Choose from 3000K, 3500K, 4000K, and 5000K color temperatures with a color consistency of 3 SDCM, standard 80 CRI, optional 90 CRI. Lifetime L70 is greater than 60,000 hrs. Modules are field replaceable and commercially available. Tunable White options are also available. Tunable White CCT range is 2700-6500K.

Electrical

The standard electronic driver is constant current, programmable and dimmable to 1% using a 0-10V protocol. High efficiency (>85%) and low THD (<10%). Certified to FCC Part 15, Class A. 120-277Vac or 347Vac, 50/60hz. Optional low voltage controller provides interface to pillow speakers and bed controls. See "Options" for DALI driver choices.

Finish

Trim is finished with a 5 Stage pretreatement and antimicrobial matte white polyester powder coated after fabrication. Antimicrobial matte white as standard. Gloss Antimicrobial white is optional. See "Finish Options".

Installation

Recessed type IC for T-bar Grid and F type (drywall) ceilings. Compatible with 9/16" (NFG), 15/16" & 1" standard grid. Use under a covered structural ceiling as a damp or dry location.

Listings, Certifications and Ratings

ETL listed for recessed type IC damp locations.

Warranty

5 year limited warranty. For complete warranty, click here:

Approvals

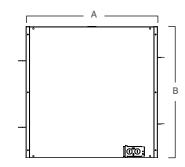

ETL Listed Damp Locations UL1598.
