Ceiling Grid Envy

['sēlɪŋ grɪd ɛnvē ']

noun

Definition:

A painful or resentful longing of an advantage enjoyed by another, specifically 2x4 ceiling grids.

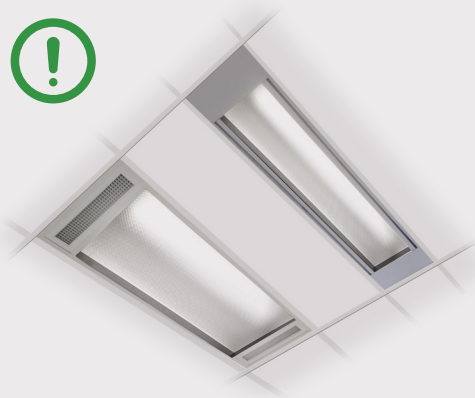

Common Symptoms:

1. Delaying LED lighting upgrades
2. Hesitation to compromise aesthetics with filler plates
3. Defensive over lost energy savings to date

Characteristics Ceiling Grids:

| | | |
|-------|-----------------------|-------|
| 20x60 | 18 ^{5/8} x56 | 30x30 |
| 28x28 | 750x750 | |
| 15x48 | 500x1500 | |
